
14 Bands Built-in Antenna Waterproof 5G Jammer,5G Cellphone Jammer
From <http://www.jammerbooster.com/>

MODEL:	KJ-70PW14
SIZE:	400*288*155mm
PACKAGE:	Neutral packing

14 Bands Built-in Antenna Waterproof 5G Jammer,5G Cellphone Jammer

Model: KJ-70PW14

Introductions:

KJ-70B14 is Built-in Antenna 5G Waterproof Cellphone Signal Jammer, IP level IP65, can be remote monitored by Internet.

Features:

Output power adjustable

Easy operation and installation

Waterproof design for outdoor installation

High Efficiency output power, long jamming distance

Effectively making subsections, no interception to base station

Waterproof Jammer, proper for outdoor use

Remote monitoring system available

Applications:

Proper for Prison, police, military or government buildings, and any other sensitive locations where the wireless signals are not allowed.

Technical Specifications:

Working frequency bands: 14 bands selectable of VHF, UHF, GSM, DCS, CDMA, WCDMA, TDMA, WIFI 2.4G, WIFI 5.8G, 4G LTE, 4G WIMAX, 5G Cellphone, GPS, etc

Channel output power: 2 to 5W

Total RF output power: 70W

Internal Modulation: FM Hopping Frequency and Sweeping

Signal source: PLL Synthesized and VCO

Effective jamming range: 5-100m depending on the the environment signal strength;

Power supply: 220VAC/110VAC

Continuous working hours: Long time

Power Consumption: 200W

Antennas type: High Gain Built-in Directional Antenna

Remote Control: Internet IP monitoring available (optional)

Remote Control Interface: RJ45

Dimension: 400*288*155mm

Net Weight: 7kgs;

Operating Temp: -20°C - +50°C

Humidity: up to 95%

IP Level: IP65
