MODEL:	KJ-30M3D
SIZE:	277*180*51mm
PACKAGE:	Neutral packing

Portable Anti Drone Shield, Handheld Anti-Drone Jammer

Model: KJ-30M3D

Introductions:

The Jammer is a Anti Drone Shield, Portable Drone Jammer / RF Gun to shoot down the commercial drones, uses state-of-art technology for maximum performance and reliability

Features:

Frequency bands and output power selectable;

Integrated main equipment, battery, and antennas which increase mobility of the device;

Different frequency bands can be controlled independently by different switches;

AC or DC power supply can be selected;

Power Amplifiers protection design ensures the working reliability of the device;

Built-in battery can support the Jammer to work 2 hours;

Battery fast change available.

Applications:

To block commercial used drones for any sensitive locations

Technical Specifications:

Total RF output power: 30W

Internal Modulation: FM Hopping Frequency and Sweeping

Signal Source: PLL Synthesized

Sweep rate: Fixed

Effective jamming range: up to 2km depending on the target signal strength;

Jamming target: commercial used drones/UAVs

Power supply: 220VAC/110VAC, 24VDC

Power Consumption: 150w

Continuous working hours: up to 1 hour

Battery capacity: 24V15A

Battery fast change: available

Antennas type: high gain directional antennas

Dimension: 277*180*51mm

Net Weight: 1.9kgs;

Operating Temp: -20°C - +50°C

Humidity: up to 90%
