MODEL:	KJ-50PW7
SIZE:	400*288*155mm
PACKAGE:	Neutral packing

Waterproof Built-in Antenna WIFI Bluetooth Cellphone Jammer

Model: KJ-50PW7

Introductions:

KJ-50PW7 is Medium Power Built-in Antenna Waterproof GPS & Cellphone & WIFI Signal Jammer, IP level IP65, can be remote monitored by Internet.

Features:

Output power adjustable

Easy operation and installation

High Efficiency output power, long jamming distance

Effectively making subsections, no interception to base station

Waterproof Jammer, proper for outdoor use

Remote monitoring system available

Applications:

Proper for Prison, police, military or government buildings, and any other sensitive locations where the wireless signals are not allowed.

Technical Specifications:

Working frequency bands: Jamming bands selectable of VHF, UHF, GPS, GSM, DCS, CDMA, WCDMA, TDMA, WIFI / Bluetooth 2.4G, WIFI 5.8G, 4G LTE, 4G WIMAX, GPS, etc

Channel output power: up to 5W

Total RF output power: 50W

Internal Modulation: FM Hopping Frequency and Sweeping

Signal source: PLL Synthesized and VCO

Effective jamming range: 50-200m depending on the the environment signal strength;

Power supply: 220VAC/110VAC

Continuous working hours: Long time

Power Consumption: 600W

Antennas type: High Gain Direction Panel Antenna or Omni Antenna

Remote Control: Internet IP monitoring available (optional)

Remote Control Interface: RJ45

Dimension: 400*288*155mm

Net Weight: 7kgs;

Operating Temp: -20°C - +50°C

Humidity: 5% - 90%
